To Whom It May Concern,

The concrete and masonry footings and foundation walls, along with the rebar has been inspected and approved by me for the General Contractor, Certified Construction Services.

After my previous letter dated 3 October 2019, a 12" deep lug footing and the 20" lap on the #5 rebar was installed.

If you have any questions concerning this letter, please call me at 910.624.9259.

Sincerely,

Robert Charles Evans
