I think that would be fine Mike. I assume you are planning to pay for this?  
Also, make sure it would be easily removed if we ever needed to.  
Thanks

Hey David,

Earlier this year I had talked about doing some upgrade to the shop.

One of the things we came up with is a patio deck outside for our clients to sit and enjoy while they are waiting. I think with Marcos coming it would be welcomed and our business can benefit from possible walk in traffic by customers waiting for pizzas and what not.

I attached some pictures and references of what I am thinking of as far as design. It will just be a platform patio in front of our store.

The area is approximately 10' x 10'.

Can you present it to the rest of your partners for approval.

Thanks so much.

Regards,

Mike Kotlearek
