Describe Element/Component/Type of Inspection: *

Footings For Slab & Piers

*(subgrade form/letter may also be required)

Attestation/Signature:

By signing below, I certify that the component and/or element of the building as identified on this form has been inspected by me or someone under my direct supervision per subsection (b2) of NC G.S. 153A-352 and is in compliance with the Code or other proposal of the architect or engineer for the project. This inspection is in compliance with all of the requirements of the above referenced Code. Attach any additional documents if needed.

C Gregory Bagley
Licensed Architect or Engineer

Inspection Department disclaimer:

Upon the receipt of a signed written document as required under subsection (a) of Article 160A-413.5., Code Enforcement shall be discharged and released from any liabilities, duties and responsibilities imposed by this article or in common law from any claim arising out of or attributed to the component or element in the construction of the building for which the signed written document was submitted. Be aware that this inspection will be noted in all inspection records including the Certificate of Occupancy or Certificate of Compliance. This inspection does not address any local ordinances or zoning requirements.

Ref: Foundation Inspection
MacVann

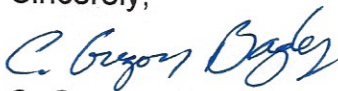

Dear Mr. Vuncannon:

Per your request we have inspected the footings for the proposed building. The footings have been constructed as per the plans and are acceptable for pouring concrete.

The trenches/piers are clean and free of debris. Construction should therefore be permitted per 2018 NC Building code.

If you have questions regarding this matter, please do not hesitate to contact this office.

Sincerely,

C. Gregory Bagley, PE
Greg Bagley Engineer
