Re: Structural Inspection of Existing Added Auto Garage 34 N McKinley Street Coats, NC

Att. Town of Coats Inspection

Dear Sir, Madame

On October 24, 2020 I made an onsite visit to Coats Auto located at 34 North McKinley Street in Coats, NC to make a structural inspection with drawings of the existing garage addition. Upon my visit I inspected the existing, load bearing walls and the roof rafters. During my review of these items I will certify that the garage addition is structurally sound. I have included a drawing of the garage addition. The State of North Carolina 2018 Building Code was used during this inspection.

If I can be of any more assistance, please feel free to contact me.

Yours truly,

Wayne R. Dashield, PE
