RE: Natural Stone

Building Inspector:

The Natural Stone warehouse in Fuquay-Varina, NC had a jib crane footing moved to a new location per the owner's request. The client has requested that CSC verify that the new location satisfies structural intent. The proposed location is 7 ft to plan-north and 5 ft to plan-east of the previous location. Per the information provided to CSC, the new location meets the structural requirements.

Should questions arise, or if further information is required, please contact our office.

Sincerely,

A handwritten signature in blue ink that reads 'Scott A. Collins'.
