To Whom It May Concern,

Thank you for submitting the plans for the storage building. The plans have been carefully reviewed by a qualified code enforcement official to examine for compliance with the North Carolina Fire Prevention Code and all other fire protection regulatory documents. There are some items that were found during the plan review process that need to be addressed before a final inspection of the new facility can be given. These items are outlined and described below.

Plan Review Notes

- The fire extinguishers are required to be properly mounted and tagged by a fire extinguisher company.
- **A fire final inspection is required. Call 910-893-0740 to schedule.**

Thank you again for submitting the plans for the building. Please review the plan review notes and if you have any questions, please do not hesitate to call this office.

Sincerely,

Leslie Jackson
Chief Deputy Fire Marshal
