**Subject:** Re: Johnsonville ES Additions/Renovations - Phase 2

I have reviewed and approved the set of plans submitted to our office. Please submit any changes to the plan to Donna in .pdf format. I will review them again and contact you regarding any issues.

Brad & Leslie,

We have received all of our comments from DPI regarding the JESAR-P2 project. We are making revisions and plan to advertise for bids next week. As I mentioned before, this project is less than 20,000 SF, thus it is not required to go through DOI review/approval. I submitted applications and electronic documents to Donna Johnson in Central Permitting on 3/3/2022, but have not received any comments. We would like to schedule a time next week to deliver an updated set of contract documents (full size prints) and take some time to review. This will give you an opportunity to ask questions, point out concerns, and for us to share our rationale in making certain design decisions. My schedule is pretty open, so let me know if there is a convenient day/time either of you can meet.

Thanks,  
Mahan
