Good morning Donna, we are not doing a change of use at our church. GS is the wording for church religious childcare. When you mentioned possibly adding expansions , I wanted make sure that everyone understood that there was no change from the last time that we all met.

In 2020 after we met with you all and I got the soil scientist out for the tank.He stated there was not need for expansions or anything . He sent the report to Oliver and I spoke with him and he told me that I was cleared from his end. My next step was fire and I do have that report from when he came out. I just wanted to explain it correctly to you since it was a couple of years ago. I do have all of the original plans,if you need them. Thank you again for all of your help and patience.
