Re: Serenity Subdivision Phases 6A and 6C – RETAINING WALL #5
Piney-Grove Rawls Road
Fuquay-Varina, NC
Permit #BCOM2301-0002

To Whom It May Concern:

The retaining wall footing at the above referenced location meets the approved bearing capacity, per the onsite geotechnical engineer (Timmons Group), and per the Segmental Retaining Wall Specifications prepared by Venture Engineering, PA.

Thanks, and let me know if you have any questions.

VENTURE ENGINEERING, P.A.
