**RE: Summary of Construction Materials Testing Services**  
Central Harnett Hospital MOB  
225 Brightwater Drive  
Lillington, North Carolina 27546  
Terracon Project No. 70231097

Dear Mr. Larson,

Terracon Consultants provided testing and observation services at the Central Harnett Hospital MOB project from August 2023 to June 2024. Our testing and inspection scope included the following:

- Structural Steel/Welding Observations

To the best of our knowledge and information, and belief, based upon observations and tests made by Terracon representatives, the materials tested and observed by Terracon were constructed in general accordance with the project plans and specifications provided to Terracon. Any deviations noted at the time of our inspections were closed once approved was obtained by the engineer of record.

It should be noted that our testing and observation services were performed on an as-requested basis, and only when requested by the above-listed client or their designated representative. We offer no opinion regarding materials not tested or observed by Terracon representatives.

This letter is provided solely for the benefit for the above-listed client and does not impact in any way the rights and obligations of third parties, including contractors and subcontractors who may have provided the materials and/or construction services tested or observed.

Sincerely,  
**Terracon Consultants, Inc.**
