8/8/2023	8/21/2023	8/22/2023	Commercial Building Review	Brad Sutton	DISAPPROVED	
----------	-----------	-----------	----------------------------	-------------	-------------	--

Notes:

1. Response letter states Appendix B submitted. Still do not have NC format Appendix B. This will include energy information (zone 4) that will effect all building and mechanical systems.
2. Occupant load calculated is 33. Only 1 restroom shown in building
3. Provide shunt trip information for all electric cooking equipment under hood systems. Cooking equipment is spread across different panels.
