This inspection is in compliance with all of the requirements of the above referenced Code. Attach any additional documents if needed.

LICENSED ARCHITECT OR ENGINEER

Inspection Department disclaimer:

March 24, 2025

Mr. Mike Sellers
H&H Multi, LLC
2919 Breezewood Avenue
Fayetteville, North Carolina 28303

Subject: Building 1 – Wood Framing Inspections
Construction Materials Testing Services
Fairway Pointe
188 Gallery Drive
Spring Lake, North Carolina 28390
F&R Project No. 64B-0033

Dear Mr. Sellers:

Froehling & Robertson, Inc. (F&R) provided Construction Materials Testing (CMT) during the construction phase at the Fairway Pointe project in Spring Lake, North Carolina. Our services were provided in general accordance with F&R Proposal No. 2264-00045. Daily Reports detailing the inspections, observations and/or testing were completed by our field personnel and reviewed by a Professional Engineer.

WOOD INSPECTION

F&R inspected the general framing, roof trusses, and floor trusses for Building 1 during site visits throughout March 2025. Items during the initial inspection that were not installed per project documents were marked in the field and the contractor was informed. F&R observed that the contractor corrected the items that were noted during the inspections. Based on our final observations, it is our opinion that the installed framing, roof trusses, and floor trusses for Building 1 are in general accordance with the approved project plans.

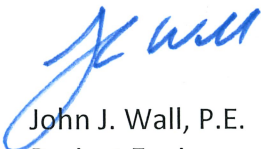

CLOSURE

We appreciate the opportunity to be of service to you on this project. Please do not hesitate to contact us if you have any questions regarding this letter or any of our work on this project.

Sincerely,

FROEHLING & ROBERTSON, INC.

John J. Wall, P.E.
Project Engineer
