INSURANCE COMMISSIONER

BRIAN TAYLOR
STATE FIRE MARSHAL

January 15, 2026

Mr. Robbie Ferris
SfL+a Architects
333 Fayetteville Street, Suite 225
Raleigh, NC 27601

**RE: Flatwoods Middle School
Lillington, NC – Harnett County**

Dear Mr. Ferris,

Updated electronic shop drawings documents received on 1-7-2026 relative to the above-named project have been reviewed for general compliance with the 2018 edition of the North Carolina State Building Code with the following comments. This review does not replace the plan review of the local Authority Having Jurisdiction (AHJ). This review is in addition to the plan review of the local AHJ. This plan review may contain comments related to Accessibility, Plumbing, Mechanical, Electrical, and Fire Codes.

Please provide a written response to the review comments and submit clouded revised signed, sealed plans as necessary. The comments shall describe which items are being addressed with the document set as well as where they are being addressed. Please also provide an electronic version of these updated plans via a download link or on a thumb drive as we are transitioning to electronic plans review, no CDs please.

This review does not cover the field house, dug outs, concession stands, ticket booth, ball fields or bleachers/grandstands.

1. Fire sprinkler plans were received on 1-7-2026. This will be a separate review forthcoming in the near future.

Approval is given to issue shell permits on 12-12-2024. Final approval is pending resolution of the above listed item. Further reviews will follow when the above has been reviewed.

Sincerely,

A handwritten signature in black ink that reads "Brian L. Taylor".

OFFICE OF STATE FIRE MARSHAL
