Hi Amelia,

I just spoke with the Health & Sanitation Department & they confirmed that they will require the New Food Establishment Application.

Once you have that completed, you may call in payment for the \$250 review fee.

Also, your application for 204 E Jackson Blvd Suite D is still under review because Harnett Regional Water Disapproved their review with the following notes:

Additional water service may be needed IF Morales Guillermo Mateo is not paying the bill for the business.

We will need verification that there is a back flow preventer and a RPZ for the service. If one is not there it will need to be installed.

12/2/2025 2:42:35 PM

Can you confirm if you are still pursuing that application or would you like to close that application?

Thank you!

Sincerely,

**Michelle Myatt**
