Project: Moseley Harnett County Design of Animal Adoption Center
WR Project Number: 25-0740

Subject: Request for Improvement Permit

To whom it may concern:

WithersRavenel is submitting the attached application to receive an Improvement Permit for the proposed Harnett County Animal Adoption Center to be located at 3708 US 421 North, Lillington NC, 27546. The proposed project will consist of a new facility to include canine kenneling, surgery/recovery center, feline rooms, office and meeting spaces, parking, and adoption support facilities. Additional areas of the property will include play areas for housed animals and storage facilities. It is expected that the facility will require approximately 17 employees. Additionally, 62 dogs and 74 cats and other animals are expected to inhabit the adoption center. The proposed project will require a new septic system and the proposed daily flow for the facility is 1,536 gallons per day (GPD).

The application package includes the following:

1. Application for Improvement Permit
2. Preliminary Site Plan
3. Preliminary Soil Evaluation
