Dear Ms. Carole,

The Harnett County Department of Public Health, Environmental Health Division evaluated the above referenced property at the site designated on the plat/site plan that accompanied your existing tank application. According to your application you are requesting a 16x76 SWMH with a 12x16 deck. The evaluation was done in accordance with the laws and rules governing wastewater systems in North Carolina General Statute 18A.1950 including related statutes and Title 15A, Subchapter 18A, of the North Carolina Administrative Code, Rule.1950 and related rules.

Based on the criteria set out in Title 15A, Subchapter 18A, of the North Carolina Administrative Code, Rules .1950, the evaluation indicated that the site is **UNSUITABLE** for. Therefore, your request for an existing tank is **DENIED**. The site is denied based on the following:

- 15A NCAC 18A.1950{c} - Nitrification fields and repair areas shall not be located under paved areas or areas subject to vehicular traffic.

Proposed mobile home (flagged) is overlapping existing septic tank and must be a minimum of 5 feet away from any part of the existing septic system. Please revise application and resubmit changes. Call me to discuss further the options that may be available to you. If you should have any questions or concerns, I can be contacted Monday through Friday from 8am – 9am at 910-893-7547.
