Dear Sir/Madam:

I made an onsite visit to the above referenced site on August 8, 2019. The purpose of the visit was to convert the commercial double wide to a standard residential mobile home. There is very little difference between the two. I recommended that smoke alarms be placed in each bedroom. While I was there, Mr Womack put in the alarms. I have attached a schematic drawing of the layout of the home and designated the bedrooms. If there is anything else that is required, please feel free to contact me at 919-774-6074 or "E" mail @ [bjbracken@windstream.net](mailto:bjbracken@windstream.net).

Sincerely,

Robert J. Bracken, PE
