Attention: Mr. Charles Dent

Reference: Inspection of Footing for Non-Bearing Perimeter Curtain Wall Foundation
Approximate 27 ft. by 76 ft. Modular Home
2498 Old US 421, Lillington, NC
Project No. D18mh49, Hamette County Permit no. 1812-0019

Dear Mr. Dent:

Thank you for using D. Allen Hughes Engineering to conduct the evaluation for your project.

The site was visited, May 1, 2019 to observe the footing for the non-bearing perimeter curtain wall foundation. The footing was found to meet the design recommendations made in our April 29, 2019 report.

Based on observation of the proper implementation of our recommendations, it is my professional opinion that the approximate 12 in. by 6 in. footings is adequate to support the proposed loads of the non-bearing perimeter curtain wall as it is built, for the modular home at 2498 Old US 421, Lillington, NC. Thank you for using D. Allen Hughes Engineering for your evaluation. If you should have any questions pertaining to this report, please call me.

Sincerely,

D. Allen Hughes, P.E., President
