420 Leslie Rd
Sanford, NC 27332
Thomas Connelly, Owner

Dear Sir/Madam,

I made an onsite visit to the above referenced residential building site on August 27, 2019, The purpose of the visit was to inspect the building footing and give my opinion if it will support the placed Engineered Building. The footing will support the live, wind and dead loads per the NC State Residential Building Code, 2018,ed.

If you have any questions please feel free to call me at 774-6074.

Sincerely,

Robert J. Bracken, PE
