ATTN: Mr. Buck Godwin

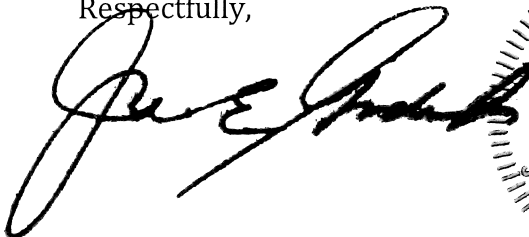

RE: Footing Inspection

Subject: New Construction-Permit No. BRES 1908-0026
Detached barn
1510 Erwin Chapel Road
Dunn, NC 28334

To Whom It May Concern:

Our office performed an onsite inspection of detached structure's footings at the above subject site November 6, 2019. Soft or yielding areas were not present during the inspection of the footings. The footings were undercut in virgin and suitable fill material. The soil inspected has a minimum allowable bearing capacity of 2,000 lb/ft². In addition, the footing depth, width and rebar placement were constructed in accordance with Michael Synott, PE sealed plans for owners, "Charles and Paula Bradshaw". If we may be of further assistance, please feel free to call.

Respectfully,

Joe E Godwin Sr., P.E.
