Subject: Residential structural (foundation) repairs – Linda Santos
27 Strike Eagle Dr.
Broadway, North Carolina 27505

Project No.: RB-195809-02

Dear Mr. McCown:

This letter is to confirm that RB Engineering, Inc. has reviewed the pier field installation data. Based on experience, site observations, installation data, and pier locations, these piers will support the vertical loads from the subject building and stabilize the foundation in the locations of installation.

Our services were provided in accordance with the standard of practice for structural engineering and within the limits imposed by scope, schedule, and budget. If you have any questions, or if I can be of further assistance to you on this project, please contact me at (919) 677-9662.

Respectfully submitted,

Ron Bittler, PE
President | Structural Engineer
RB Engineering, Inc.
