Dear Sir/ Madam,

I made an onsite visit to the residence referenced above on April 23, 2020. The purpose of the visit was to examine the construction and materials used for a proposed patio roof. After a through investigation I had several items that needed attention. I returned to the site on May 6 and the recommendations had been completed.

The roof now meets or exceeds the requirements set forth in the N C State Residential Building Code, 2018,ed.

If you have any questions please feel free to call me at 919-774-6074.

Sincerely,

Robert J. Bracken, PE
