Kim,

Based off the new survey showing the extent of the front porch, we can move forward with this application for 154 CREPE MYRTLE LANE. The new home will not be able to extend anymore forward or rearward from what the survey is showing. An as-built survey will be required to confirm this before CO. let me know if you have any questions.

Thanks,
Landon Chandler

His measurements will need to match the survey – ie, no less than 5.09' and 4.09' in the rear and 27.32' in the front.

I know you said we could move forward with this, but I just wanted you to see the site plan with the new home he submitted.
