RE: Letter for Plumbing Inspection

Alan and Michelle Wortham
88 Colby Lane
Angier, N.C. 27501

To whom it may concern:

I, Larry Barnes, a seasoned residential and commercial plumbing contractor have inspected the addition/apartment owned by Alan and Michelle C. Wortham. The property is located at 88 Colby Lane in Angier, N.C. In 2011 Mr. Alfred Champion, a licensed general contractor, transformed this workshop into a full three bedroom, two bathroom apartment. Based on my inspection/observation, it is my professional opinion that all of the plumbing work performed on this addition meets and exceeds the 2011 plumbing codes.

Please contact me at the number provided if there are any further questions regarding this matter.

Sincerely,

Larry Barnes
