- Proposal: ATTIC SPACE (402) SQ. FT.
- 1 Add a partition wall at 36' across 16' span with 36" door.
  - 2 Add a 2nd partition wall at 61' across 8' span with 36" door.
  - 3 Frame out dormer and other walls for insulation and 1/2" sheetrock. In addition, add additional receptacles and lighting. From main panel.

Receptacle spacing in finished space shall be per code. Within 6 feet of doors, and spaced no more than 12 feet apart measured along the wall line. Insulation shall be R38 ceilings and R15 walls minimum.

Rough height of ceiling - 8'

1/8" = 1 square = 1 foot

⊙ = ceiling light  
 ⊙ = light switch  
 ⊙ = receptacle

⊙ - smoke detector

Printed on recycled paper.
