Jeanann,

Attached is the approved zoning permit for 301 Denim Drive. Can you schedule a zoning inspection for me once they approve the foundation for the addition to the home please? There is a section of new construction to the home that Dean saw. But at one point this section was a part of this home. We actually made the previous owner fix it because it had bowed out so much. There is a GIS image that shows that section being a part of the home.

The Town is okay with them being issued building permits for this section of the home. It does not sound like they will need any other permits at this time. If you need any more information from me please let me know. Thank you for all of your help with this process so far.

Thanks, Snow Bowden

Any updates on this house? I was told that a building inspector when out there. I do not know if that is the case or not though.

Thanks, Snow Bowden

His e-mail address is below:

Thanks for helping him out. This is a house that was on our list of houses to start the minimum housing process on. It is going to be nice to see it remodeled since it is on a main drive through town.

Jeanann,

Please let this e-mail serve as zoning approval for Duffy Johnson to purchase building permits for 301 Denim Drive. They are not expanding the footprint of the home. If you have any questions please let me know.

Thanks, Snow Bowden
