Foundation Design

103 Fieldview Court Angier, NC 27501

TE&D Project No.: 2101-010069

As requested by Mr. Brooks, Tyndall Engineering & Design, PA (TE&D) has reviewed the requested design of footings for a proposed new pantry addition. This letter and sketch are for footing design only. Other design is by others.

Based on our review of the design documents provided by Mr Brooks along with discussions with him we have provided footing information per the attached sketch.

We appreciate being able to assist you during this phase of the project. If you need further assistance or require additional information, please do not hesitate to contact us.

Sincerely,

Tyndall Engineering & Design

Redia Pige
