Project No.: DRB2001-0046A-R

As requested by the client, Tyndall Engineering & Design (TE&D) is providing analysis for the following items:

- 1) Analysis of (3) 2 x 10 beam supporting vaulted ceiling for attic renovation.

The following conclusions and recommendations were noted:

- 1) Based on our observations and analysis, the existing (3) 2 x 10 beam is suitable to support the anticipated loading conditions. No structural modifications are required.

We appreciate being able to assist you during this phase of the project. If you need further assistance or require additional information, please do not hesitate to contact us.

Sincerely,
Tyndall Engineering & Design

Tripp Amos
