Project: Keenan Residence

Address: 4280 Benson Road, Angier, NC 27501

Dear Edward,

I (Michael Synnott, PE, SE) have reviewed the construction of the new foundations and the piers under the floor framing. The new foundations and piers meet/exceed what was provided in the construction drawings. I accept the deviations from the drawings as the additional piers will strengthen the overall design of the new floor framing.

Thank you,

Michael Synnott, PE, SE
