REF: Slab Inspection

Dear Sir/ Madam,

I made an onsite visit to the site referenced above on December 14, 2021. The purpose of the visit was to examine a slab that had been placed for a storage building. At the time of my inspection a pre built shed building was in place. Because of the size and minimum amount of loading, I have no problem approving the slab for the existing building.

If you have any questions please feel free to call me at 919-774-6074.

Sincerely,

Robert J. Bracken
