Jeanann,

I spoke with the GC onsite, its the 1st Framing Inspection which is typically called the Open Floor Inspection, that needs to be schedule.

The foundation is existing on this project so we don't need that inspected. However I cannot cover up the the floor system until I have the floor system inspected. Can we change the foundation inspection to the Open Floor System inspection?

Respectfully,

Jeremy Romich

Ms Jeanann

Thanks for your time today. Please save this engineer letter for this address file. We need to reschedule the inspection. I believe I have to do that online.

Respectfully,
Jeremy Romich
