Good Morning Mrs Gibbons

Can you forward what was sent in by this Electrical contractor - Ti Electric for the Electrical Permit Application.

We need this to come from the Inspections / Permit office.

We have to send this to the customers insurance carrier to show justification for billing.

This customer , Steffeny is cancelling this project.

Can we close out all Permits that have been pulled on this project.

Since she did this, after the major work was completed and is refusing to pay.

We are concerned she will try to finish this with our open permits.

Please let us know how we can close this now .

V/r

Susan
