Reference: FHA Foundation Evaluation
171 Pine Oak, Cameron, NC 28326
Project No. 023mh03
NTA1999788, NTA1999789

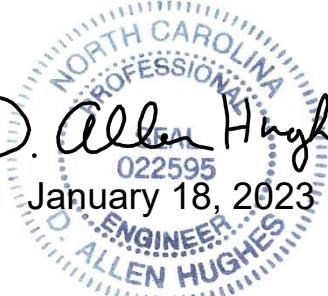

Dear Mr. Wheeler:

Thank you for using Piedmont Geotechnical to conduct the evaluation for your project. As requested, the site was visited on January 13, 2023 to observe the foundation and anchoring system of the home.

Piedmont Geotechnical has observed the setup and it is our finding that the permanent foundation and anchoring system (including piers, anchoring and bracing systems and connectors) for the home at 171 Pine Oak Ln., Cameron, NC 28326 meets HUD standards as set forth in FHA's Permanent Foundations Guide for Manufactured Housing (HUD-7584, September, 1996). Specifically, the permanent foundation and anchoring system for the home is structurally sound as built. No evidence was found to indicate that the home has been moved from its original installation site.

Thank you for using Piedmont Geotechnical for your evaluation. If you should have any questions pertaining to this report, please call me.

Sincerely,

022595
