Notes, Comments, Questions We would like rails on the front of the porch as well, as for the color of the shed and shutters we want them to match our home. We will be available tomorrow or Thursday if you would like to go by and get the colors. Feel free to contact us with questions. My wife's (Daphne) cell is (24)344-7117. Thank you.

Additional Information

50-year warranty for LP SmartSide panel and trim

10-year warranty and diamond-plate threshold on LP ProStruct flooring

Gable vents are standard on all LP Smart Panel Sheds. Vented soffits are included on all series and siding types, except the Value Line Series (gable end vents only). Ridge vents may be added to any series LP Smart Panel shed, but it comes standard for all other siding types or when cedar shakes are selected.

Doors and windows must be placed at least 18" from the wall end on sheds longer than 12'. Designs with door or window placements closer than 18" will be adjusted prior to manufacturing.

Garage doors with windows come in a variety of window shapes. We will contact you for the specific style upon order.

Executive Series Sheds with equal width and length dimensions (8x8, 10x10 & 12x12) do not come to a point on the roof as shown in this design tool. There will be a short ridge on the length dimension. Consult your sales person to ensure proper orientation of roof with walls below.

** 9" wide raised panel shutters are used on 24" windows. 12" wide raised panel shutters are used on 32" wide windows. 9" wide louvered panel shutters are used on both 24" and 32" wide windows. Paintable shutters come unpainted.

End porch configuration availability dependent on size, series, siding, options and delivery access.

Door swing direction shown on this design tool is generic. Customer must specify "In-Swing", "Out-Swing" and "Right Hand" or "Left Hand" when completing final order with the dealer. If no such request or specification is made, Shed Depot reserves the right to choose these details at its sole discretion and is not liable for any claims as a result.
