HIGHLIGHTS

Heat or Cool Any Space, Simply and Affordably.

Surprisingly Affordable

Incredibly Quiet

Great Reviews

Easy to Install

Save Time, Talk to an Expert

What is a Bluemridge Ductless System?

It's a better way to heat and cool any space without the need for ductwork. Includes an outdoor heat pump condenser and 1 to 5 indoor air handlers. It's inexpensive to own and operate, easier to install and whisper quiet.

Homeowners and contractors love Blueridge ductless mini-splits. If you own a home, you will want one.

Blueridge mini-splits are a high quality, energy efficient and inexpensive option for cooling and heating many types of spaces without ductwork.

Blueridge mini-splits compare favorably to well-known brands at a fraction of the price. They have the highest online product ratings of all mini-split brands. Their affordability, ease of installation, and high quality make them a favorite among contractors and homeowners.

BENEFITS

Quiet

Both the indoor and outdoor units operate so quietly you may not be aware they are running. You will just be aware that you are comfortable.

Affordable

The great value extends beyond the low purchase price of these units. You will be pleasantly surprised by how inexpensive they are to operate.

Efficient

Lower your utility bills with inverter technology, by using less electricity and no fossil fuels to accomplish your heating and cooling needs. This is intelligent equipment for a sustainable and comfortable lifestyle.

Versatility
There is no ductwork, this is a
space for you and

on for all kinds of hard-to-fit applications. Any room or space can be
to enjoy for years to come.
