**RE: Existing Tank Application # BRES2312-0134**

To whom it may concern

An attempt was made to evaluate the above property for issuing an existing tank permit. The evaluation could not be completed for one or more of the following reasons.

- 1. Uncover outlet lid on septic tank fully and break seal, uncover D-Box. (\$25.00 fee incurred).
- 2. Have system pumped out
- 3. Need site plan
- 4. Other – Trailer is placed too far back on property, is now behind the gravity fed system, and could potentially be on a septic drain line. Trailer is also placed within a Septic Easement location. Property lines are not marked correctly. Will need corner irons located and property lines flagged every 50' feet. D-Box is damaged and lid is broken. (D-Box needs to be replaced). Tank outlet lid is seal and could not open. The sanitary T or filter could not be observed.**

Your application will be put on hold until the selected items above have been addressed. When completed **call 893-7547 to confirm** that the items mentioned have been corrected we will then reschedule your property for evaluation.

Sincerely,

Reynold Levocz, R.E.H.S.
