Thank you. This will require a building permit from Harnett Central Permitting . Zoning permit not required per Town of Coats. We will be happy to provide if Harnett Central Permitting requires a zoning permit.

Good afternoon,

We spoke this morning regarding this project.

This is a crawlspace repair project with the installation of jacks and steel beam to offer support to existing structure. No change to footprint.

I have attached the engineer report for reference.

Let me know if you need anything else from me, or if you can just sign off here.

Kind regards,

*Aundrea Sterling*
