Dear Mr. Wheeler,

Thank you for using Piedmont Geotechnical. As requested, the site was visited on June 14, 2024 to observe the foundation and anchoring system of the home.

Piedmont Geotechnical has observed the home and it is our finding that the permanent foundation and anchoring system (including piers, lateral bracing systems, anchors, straps and connectors) for the home at 865 Pine Oak Cameron, NC 28326 meets HUD standards as set forth in FHA's Permanent Foundations Guide for Manufactured Housing (HUD-7584, September, 1996). Specifically, the permanent foundation and anchoring system for the home is structurally sound as built. No evidence was found to indicate that the home has been moved from its original installation site.

If you should have any questions pertaining to this report, please call.

Sincerely,
