RE: Existing Tank Application #BRES2403-0001

To whom it may concern

An attempt was made to evaluate the above property for issuing an existing tank permit. The evaluation could not be completed for one or more of the following reasons.

___ 1. Uncover outlet lid on septic tank fully and break seal. (\$25.00 fee incurred).

___ 2. Have system pumped out

___ 3. Need site plan

X 4. Other – Front property line (only) must be marked/flagged every 50'-75' between the property survey irons. Have septic contractor to locate and demonstrate/mark the existing septic drain field lines start to end. Uncover the outlet lid that leads to the septic drain lines, this lid must have the seal broken free and a handle to be able to lift it up.

Your application will be put on hold until the selected items above have been addressed. When completed **call 893-7525 to confirm** that the items mentioned have been corrected we will then reschedule your property for evaluation.

Sincerely,

Reynold Levocz, R.E.H.S.
