RE: Existing Tank Application #BRES2404-0015

To whom it may concern

An attempt was made to evaluate the above property for issuing an existing tank permit. The evaluation could not be completed for one or more of the following reasons.

1. Uncover outlet lid on septic tank fully and break seal, uncover D-Box. (\$25.00 fee incurred).

2. Have system pumped out

3. Need site plan

4. Other – Tank is in good condition, d-box is in good condition. Seems to be three drain line connections, two are indicated that they could be under the concrete detached garage. Applicant will need a contractor to prove that septic lines do not go under existing garage. Need updated/ revised site plan showing proposed deck addition. Addition needs to be marked/demonstrated.

Your application will be put on hold until the selected items above have been addressed. When completed **call 893-7547 to confirm** that the items mentioned have been corrected we will then reschedule your property for evaluation.

Sincerely,

Reynold Levocz, R.E.H.S.
