To Whom It May Concern;

As requested by the client, a representative of Tyndall Engineering & Design, PA (TE&D) was on-site to observe the repairs made to the manufactured home foundation per our previous letter sealed on 8/14/2025. Based on our observations and analysis, the repairs performed to the manufactured home foundation were completed in general accordance with our letter sealed on 8/14/2025. The existing foundation is adequate to support the anticipated loading conditions and is in general compliance with the State of North Carolina Regulations for Manufactured Homes.

We appreciate being able to assist you during this phase of the project. If you need further assistance or require additional information, please do not hesitate to contact us.

Sincerely,
Tyndall Engineering & Design
