Project No. D25mh112, Red Tag No. NTA2313019, NTA2313020

Dear Mr. Wheeler:

Thank you for using D. Allen Hughes Engineering. As requested, the site was visited on April 18, 2025 to observe the foundation and anchoring system of the home.

D. Allen Hughes Engineering has observed the setup and it is our finding that the permanent foundation and anchoring system (footings, piers, lateral bracing systems and connectors) for the home at 133 Brooks Mangum Rd., Cameron, NC 28326 meets HUD standards as set forth in FHA's Permanent Foundations Guide for Manufactured Housing (HUD-7584, September, 1996). Specifically, the permanent foundation and anchoring system for the home is structurally sound as built. No evidence was found to indicate that the home has been moved from its original installation site.

If you should have any questions pertaining to this report, please call.

Sincerely,

April 21, 2025

D. Allen Hughes, P.E., President
