- Environmental Health New Septic System**
  - **All property lines must be made visible.** Place "pink property flags" on each corner iron of lot. All property lines must be clearly flagged approximately every 50 feet between corners.
  - Place "orange house corner flags" at each corner of the proposed structure. Also flag driveways, garages, decks, out buildings, swimming pools, etc. Place flags per site plan developed at/for Central Permitting.
  - Place orange Environmental Health card in location that is easily viewed from road to assist in locating property.
  - If property is thickly wooded, Environmental Health requires that you clean out the undergrowth to allow the soil evaluation to be performed. Inspectors should be able to walk freely around site. **Do not grade property.**
  - **All lots to be addressed within 10 business days after confirmation. \$25.00 return trip fee may be incurred for failure to uncover outlet lid, mark house corners and property lines, etc. once lot confirmed ready.**
- Environmental Health Existing Tank Inspections**
  - Follow above instructions for placing flags and card on property.
  - Prepare for inspection by removing soil over **outlet end** of tank as diagram indicates, and lift lid straight up (if possible) and then **put lid back in place** (Unless inspection is for a septic tank in a mobile home park)
  - **DO NOT LEAVE LIDS OFF OF SEPTIC TANK**
