**RE: Existing Tank Application #BRES2409-0042**

To whom it may concern

An attempt was made to evaluate the above property for issuing an existing tank permit. The evaluation could not be completed for one or more of the following reasons.

1. Uncover outlet lid on septic tank fully and break seal. (\$25.00 fee incurred).

2. Have system pumped out

3. Need site plan

**4. Other – Have septic contractor pump out excessive water and break seal on outlet lid (this is required to see the condition of the filter/sanitary T). Have septic contractor locate and demonstrate/flag the septic drain field from beginning to end.**

Your application will be put on hold until the selected items above have been addressed. When completed **call 893-7525 to confirm** that the items mentioned have been corrected we will then reschedule your property for evaluation.
