## **Deck Plan**

# **Support Beams**

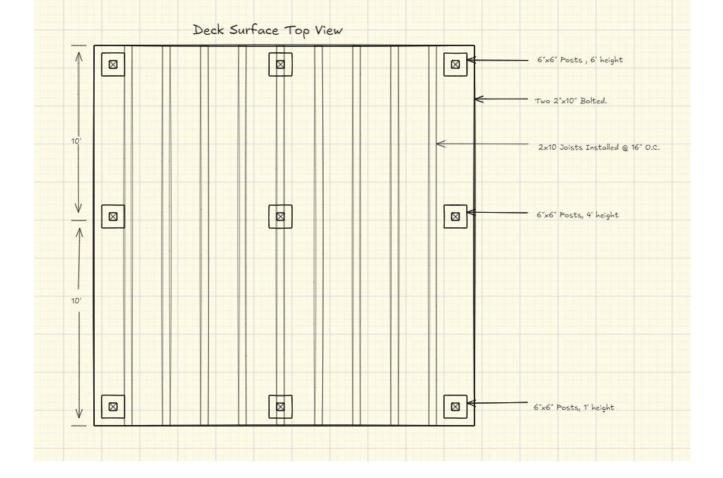

**Deck Front View** 

# **Deck Surface Top View**

#### Deck Plan

- 2x10 Joists installed @ 16" apart
- Guard Rails to be 40" with 2x2 posts 5" apart
- 9, 6x6 support beams for the deck, 2' deep with 150 lbs of concrete poured in.
- Support beams are at 1', 4' and 6' high because of the slope.
- Roof slopes from 10' to 9.6'
- Screen door at the centre , front and back , 30" x 80"
- Total Deck size of 20'x20' where 16' x 20' is screened and 4' balcony at the rear.
- Ceiling Joists are 2x6 @ 16" apart
- 4x4 posts to support the screen @ 4' apart
- There is a 4'x4' ramp bridge to connect the backyard to the deck.
