They will be in 2025. He was in the program when the deed was in his name but was taken out of the program earlier in 2024. Now that property is in both names and she has shown me all income requirements that in 2025 they qualified.

Yes ma'am for 2025 they do qualify and I have already looked over and received all their paperwork. I cannot do anything for 2024 since tax bills have already been issued.

Hi Donna, good morning!

We have been re-enrolled into the tax program that should now identify us as a farm.

Hopefully you are able to see it on your end. If not, Kara Daniels mentioned you could call her if you have any questions.

What else do you need from me to proceed with the permit under agricultural so we can get the building inspected?

Looking forward to your reply.

Thanks
Alison
