Actually I'll just drop it off in the morning because the metal building plans are 31 pages for whatever reason.

On Mon, Feb 24, 2025 at 1:17 PM Katie M Underwood <katiemariesamuel@gmail.com> wrote:

Okay, I have to finish filling out the first page and then I will send it to you.

Thank you,
Katie

Ohh I'll probably just email it over then! I didn't realize I could do that! I do have a question the septic tank page do I need to fill that out since there won't be a septic tank?

Thanks so much!

Katie Underwood

Hey Kimberly,

I believe I have everything ready to go to start the building permit process. Is it okay if I drop all this paperwork off to you Tuesday morning first thing?

Thank you,

Katie Underwood

Thank you, we are currently working on getting the plans from the building company for the metal building. I do have a question for inspection on the concrete/ building will the concrete need to have rebar in it if it is only going to be a car storage?

Thank you,

Katie Underwood

No, we do not plan on building a house out there.

The building would be a 30x70

Thank you,

Katie Underwood

Subject: Permits

Hey Kimberly,

You helped me and my husband a couple years ago with permits for our RV storage building. We are looking to get another metal building on our property for car storage with only power attached to it. Before we did anything I wanted to reach out and see what we needed to get together before coming down to the permit office and before we even purchase a building.

I appreciate all your help and look forward to working with you again!

Thank you,

Katie Underwood
