

APPENDIX H

AFFIDAVIT OF ON-SITE WASTEWATER EXISTING SYSTEM PUSUANT TO N.C.G.S. §160D-1110(h1)

[This form is only required with a permit application if the permit applicant is applying for exemption as allowed by N.C.G.S. § 160D-1110(h1)]

STATE OF NORTH CAROLINA

COUNTY OF Harnett

Inspection Department

Address and Parcel Identification of Real Property Where Building is to be Constructed or Altered:

2315 NC 55 E, Dunn NC 28334

PIN: 1509-03-8546.000

I, Brodley Powell Cole, Sr

(Print Full Name)

owner of the property, do hereby under penalties of perjury affirm that the proposed building construction will meet local and State on-site wastewater system setback requirements pursuant to N.C.G.S. § 130A-335. Additionally, the proposed construction shall not increase the design daily flow or wastewater strength of the existing system and thereby absolves the State, Inspection Department, and Local Health Department of any responsibility or liability regarding the existing wastewater system.

The property owner may, at his or her discretion, consult with an authorized on-site wastewater evaluator certified by the North Carolina On-Site Wastewater Contractors and Inspectors Certification Board or an inspector, as defined in N.C.G.S. § 90A-71(5), to locate the on-site wastewater existing system and verify setbacks requirements prior to executing this affidavit.

APPENDIX H

APPENDIX H OF ON-SITE WASTEWATER TREATING SYSTEM
SUBSISTANT TO N.C. S. 136-11.9(b)(1)

1. The following information is required for the design of the on-site wastewater treating system:

1. The number of persons occupying the building.
2. The number of bedrooms in the building.
3. The number of bathrooms in the building.
4. The number of cars in the garage.
5. The number of cars in the driveway.
6. The number of cars in the parking lot.
7. The number of cars in the street.
8. The number of cars in the neighborhood.
9. The number of cars in the county.
10. The number of cars in the state.
11. The number of cars in the country.
12. The number of cars in the world.

2. The following information is required for the design of the on-site wastewater treating system:

a. The number of persons occupying the building.

b. The number of bedrooms in the building.

c. The number of bathrooms in the building.

d. The number of cars in the garage.

e. The number of cars in the driveway.

f. The number of cars in the parking lot.

g. The number of cars in the street.

h. The number of cars in the neighborhood.

i. The number of cars in the county.

j. The number of cars in the state.

k. The number of cars in the country.

l. The number of cars in the world.

3. The following information is required for the design of the on-site wastewater treating system:

a. The number of persons occupying the building.

b. The number of bedrooms in the building.

c. The number of bathrooms in the building.

d. The number of cars in the garage.

e. The number of cars in the driveway.

f. The number of cars in the parking lot.

g. The number of cars in the street.

h. The number of cars in the neighborhood.

i. The number of cars in the county.

j. The number of cars in the state.

k. The number of cars in the country.

l. The number of cars in the world.

4. The following information is required for the design of the on-site wastewater treating system:

a. The number of persons occupying the building.

b. The number of bedrooms in the building.

c. The number of bathrooms in the building.

d. The number of cars in the garage.

e. The number of cars in the driveway.

f. The number of cars in the parking lot.

g. The number of cars in the street.

h. The number of cars in the neighborhood.

i. The number of cars in the county.

j. The number of cars in the state.

k. The number of cars in the country.

l. The number of cars in the world.

5. The following information is required for the design of the on-site wastewater treating system:

a. The number of persons occupying the building.

b. The number of bedrooms in the building.

c. The number of bathrooms in the building.

d. The number of cars in the garage.

e. The number of cars in the driveway.

f. The number of cars in the parking lot.

g. The number of cars in the street.

h. The number of cars in the neighborhood.

i. The number of cars in the county.

j. The number of cars in the state.

k. The number of cars in the country.

l. The number of cars in the world.
