TERMS & CONDITIONS

Please call in to ensure you get the most accurate and up to date pricing. Our contact number is 888-511-0899. With the current increase in metal we encourage our customers to lock in their price via contract by paying their down payment. Ask your representative for more details.

-This quote is to Manufacture, Deliver, and Install the Metal Structure on your level land or concrete pad.

-Land must be no more than 3" to 4" inches off level from front to back and side to side.

-We ask for at least 3' of clearance on all sides for proper installation. Any less clearance may result in additional charges and/or a return trip fee if the unit can not be installed properly at the time.

-Average Lead Times are 4 weeks out, however they are subject to change due to weather conditions.

-Customer is responsible for pulling any and all permits for their Metal Structure. Triple A Steel will only supply the necessary Blueprints for the customer to pull permits *(Additional cost may be applicable)*.

-All units over \$10k in retail price will require 50% of the remaining balance at the time of scheduling to start production. The remaining 50% will be due at the time of installation.
