

No I apologize. I should have disclosed that. They are only doing the addition. No garage. It is out of their budget.

Thank you

Good morning! I have processed this and sent the plans for review. I have attached the septic affidavit here. This is so you don't have to go through Environmental Health. It will need to be notarized. Any NC notary can do that for you.

Sincerely,

Kimberly Gibbons

Subject: Stanley Reno/Addition

Good morning,

Attached are documents and plans for a proposed renovation and addition. The plans specify a LVL beam to be sized and is currently in review by an engineer. I will submit that when received.

Thank you,

Brandon Smith
